DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The applicant has amended the claims to now require 1) the inclusion of benzotriazole; 2) a very specific pH range; and 3) requiring the imine to be either guanidine or fomamidine (noting that the removal of R1 and R2 does not make the claim indefinite because the imine is defined in this Markush group).
3. The examiner has correctly argued that the prior art cited either 1) required the inclusion of abrasives specifically excluded by the claims and 2) the prior art fails to teach the benzotriazole.
4. As no new art has been found to meet these new claim limitations, the instant claims are found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).
